The President's Tee Box

Fall is finally here! And with it some awesome golf weather! We have a busy last quarter of the year from Swing Pink to Dates and Dice to the Santa Scramble AND the End of Year Tournament. Please see information above on these fun events!

As you all know, our wonderful league doesn't run itself. We have a lot of ladies who make it all work! One way you can help ensure that our league continues to prosper is to hold a position on the Executive Board. Elections are right around the corner and I would appreciate it if you would consider running for a Board position. Your current board will ask one of our members (who is not running for a position) to manage the election process. Once we announce who this person is, you may contact her to either nominate yourself for a position or nominate someone else you think would serve. If you nominate someone else, we will check to see if she is willing to run for the position. It's that simple. Once we have a ballot, it will be distributed to you to place your vote. Results of the election will be announced at the General Membership Meeting held at our Christmas Party on December 8. The Holidays will be here before we know it! Let's finish strong as we close out our league year!

CLINICS

Monday 10.00 -
Operation 36

Wednesday 9.00 -
Ladies PDP Clinic

Saturday 10.00 - All-
Comers Clinic

Keep Playing well and swinging easy, Cathy

MEMBERS MOMENTS

or Sage Advice from Seasoned Golfers

Debbie Perrin

- 1) Stand at the ball athletically so that you can maintain good position, posture and control.
- 2) A good golf swing has the shoulders tilting from the top of the swing. Your lead shoulder should be pointing down, facing your ball. This is what we mean by a shoulder tilt.
- 3) Right-handed golfers should focus on "turning the right hip toward the ball on the downswing". This will cause the left hip to rotate properly. If you rotate your hips correctly, the front of your body will face the target on your follow through, rather than your side.

Tournaments to Play

Trinity Forest Invitational (214) 646-3570

Trinity Forest Golf Club Dallas, TX

Oct 02, 2022 - Oct 04, 2022

Texas Shamble Tapatio Springs (855) 627-2243

Boerne, TX

Nov 18, 2022 - Nov 20, 2022

Tournaments to Watch

please check local listings

Oct 20 - 23

BMW Ladies Championship \$2,000,000

Nov 17 - 20 Women's CME Group Tour Championship

Tiburón Golf Club - Naples, FL

\$7,000,000

Cece Bruce Member Spotlight

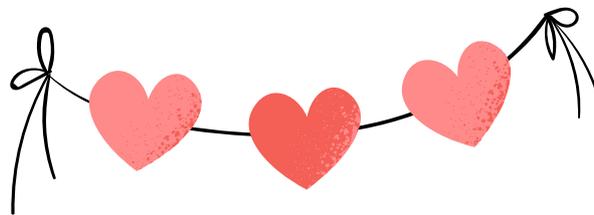

Born & raised in Newport Beach, California, I was very lucky to grow up on the beach where I spent summers swimming & surfing in the Pacific Ocean. I was involved in many sports growing up including tennis, volleyball, gymnastics, softball, track and golf. My dad is an avid golfer and encouraged me to take some lessons and then I started to really love it. I began to play with friends and family and played inconsistently for years until moving to HMR. Prior to moving to Texas, I only played golf for fun, never in a tournament or in a league. I am so happy to have been warmly welcomed into the HMRLGA after moving here.

I met my darling husband, Roger, later in life at age 38, and decided that children were not part of God's plan for me. It worked out perfectly for me as Roger already had 2 kids from his previous marriage and didn't want more.

I have worked in many different industries in my career, in both corporate and an entrepreneur. In the corporate world in residential real estate, advertising/P.R., and at a civil engineering firm in Orange County. Wanting my own business, I went to school for Esthetics and then got my Esthetician license. I worked as a Licensed Esthetician doing Facials and Waxing for 9 years and loved it. I owned my own business and loved developing my own clientele. Roger and I were both working hard and stressed out with the hustle and bustle of Orange County and contemplated moving to Texas where we could have a less hectic life and enjoy more space out of the city. During the pandemic, we decided to go for it and planned our escape from CA. It will be one year that we have lived in TX on October 1st. We are so happy with our decision and our life here and we are SO BLESSED to have found HMR and all the wonderful people we have met here. I am living my best life now playing golf and tennis with the fantastic ladies I've met. Life is Good, God is Great, and we are Blessed! Cheers to all the ladies of HMRLGA!

Nan Ward

I grew up in West Texas and had a wonderful childhood being a country girl! Through a truly circuitous journey, I moved to East Texas and worked in the oil and gas industry for 15 years doing research and acquiring oil and gas leases. Then I found the love of my life, Ronnie (an accountant), married and we became a blended family with our children (Ryan, Jenny and Emily). I changed careers and started teaching school so I could be home more and taught for the next 20 years! We lived in Longview until we realized none of the kids were coming back to East Texas so we both retired and moved to High Meadow to be closer to grandchildren. We have eight (8) and they bring us joy beyond measure! My loves are God, family, gardening and playing golf! I am so glad I started playing golf, though a little late in life! I have met the most amazing, warm and caring ladies playing golf at High Meadow and made such wonderful lifelong friends!!

FORE!!!!!!

****OR TAKE COVER, DUCK, GET THE HECK OUT OF THE WAY, ETC,ETC.....***

By Brent Kelley
Updated on 01/29/18

"Fore" is another word for "ahead" or "forward" (think of a ship's fore and aft). And in golf, yelling "fore" is simply a shorter way to yell "watch out ahead" (or "watch out before"). It allows golfers to be forewarned, in other words.

Theory 1: 'Fore!' Evolved from 'Forecaddie'

Historians at the British Golf Museum (and many others) have surmised that the term "fore," as a warning in golf, evolved from "forecaddie."

A forecaddie is a person who accompanies a grouping of golfers around the golf course, going forward on each hole to be in a position to pinpoint the locations of the group members' shots. If a member of the group hits an errant shot, the forecaddie tracks down the ball and lets the golfer know its location.

In the early days of golf, golf balls were handmade, always custom-ordered and, therefore, expensive. Losing a golf ball was a real hit to the pocketbook well into the 1800s. So the forecaddie's role in olden times was even more important to golfers.

The most plausible theory about the evolution of "fore" as a golf term is that it is a shortening of "forecaddie." A golfer who hit an errant shot, the theory goes, yelled to the forecaddie to make sure they were watching and tracking. Perhaps they originally yelled out "forecaddie," but, ultimately, the shortened version "fore" is what caught on.

Theory 2: 'Fore!' Has a Military Origin

Another popular theory, one cited by the USGA Museum, is that the term has a military origin. In warfare of the 17th and 18th century (a time period when golf was really taking hold in Britain), infantry advanced in formation while artillery batteries fired from behind, over the heads of the infantrymen. An artilleryman about to fire would yell "beware before," alerting nearby infantrymen to drop to the ground to avoid the shells screaming overhead.

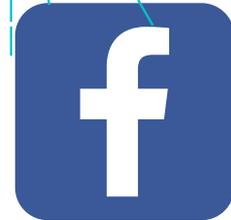

So when golfers misfired and sent their missiles - golf balls - screaming off target, "beware before" was shortened to "fore." Those are the two theories most commonly cited, but, as noted, nobody knows with certainty how fore became a golf term.

What can be said with certainty, however, is that the term does originate in the fact that "fore" means "ahead" or "before," and, used by a golfer, is a warning to those ahead that a golf ball is coming their way.
